

Name _____

Number the Stars-best chapter title!

Think over the entire book, *Number the Stars*, and select the chapter that has been given the best title of the book, in your opinion. Your writing task will be to explain why that chapter has the best title. You will need to:

- Develop a topic sentence that states the name of the chapter about which you will write
- Use details from the chapter to support your idea that the chapter you chose does in fact, have the best title of the entire book
- Use your own thinking to explain why that chapter title is the best one of the entire book
- Conclude with a strong ending that fully emphasizes that your chosen chapter is the BEST titled chapter in the book
- Use your best spelling and conventions

You can handwrite this on binder paper if you'd like, or you can type it and print it out. If you type it, be sure that your chosen font is large enough to easily be read, and that your line spacing is at least 1.5.

Your planning for the piece needs to be done below:

The chapter title I will use is: _____

The text evidence I will use is:

My thoughts as to why this is the best chapter title are:

My conclusion statement is:
