

The Terrible Wave

The Johnstown Flood was a terrible natural disaster that killed over 2,000 people. The flood was so strong that railway coaches were flowing through Johnstown at the time of the flood.

"It's awesome and very interesting" -Big Peach Press

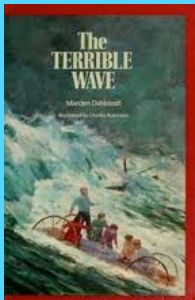

The Terrible Wave is a very good book about the Johnstown Flood. It is a story of how the richest girl in Johnstown is forced to associate with people who she wouldn't have to associate with if the flood hadn't hit.

A Newspaper article carrying news of the Johnstown Flood

"A must read for adventure seekers"-School Library Weekly Magazine

'An amazing blend of adventure and horror"-Penguin Press

This is the book.

pg 25,26 **"The din was tremendous. It was an entirely inhuman sound-cracking, grinding, roaring, together with the dreadful sucking, sloshing noise of the dark water witch surrounded her."** MardenDahlstedt
